

## Campaign 2010 for the Citizenship of Antarcticland

We are fighting for the respect of the Universal Declaration for Human Rights, for a better world, for free commerce and for environmental protection. Don't just be spectators of the revolution of Antarcticland, become citizens this very day! You will have a second citizenship that will permit you to give your opinion on an international level, it's free and it won't make you lose your present citizenship. The more of us there are, the stronger our voice will be. Apply for Citizenship
